

BESSEY® KliKlamp®

The New Generation of High-Tech Clamps

Simply better.

The innovative KliKlamp®: it is easy to handle, lightweight and convenient, making it the first choice for lighter clamping pressures.

Features & Benefits

- Sturdy fixed and sliding arms made from lightweight magnesium
- Vibration resistant ratchet mechanism
- Ergonomically shaped clamping lever
- Non-marring, glue repellant surface also resists paint and grease solvents
- Light and easy to handle

Catalog Number	Throat Depth	Clamping Capacity	Clamping Force
KLI3.004	3"	4"	260 lbs
KLI3.008	3"	8"	260 lbs
KLI3.012	3"	12"	260 lbs

- 1** Magnesium jaws are extremely light and strong. Ratchet mechanism is vibration-resistant.
- 2** Ratchet action controls clamping and releases quickly and easily— ideal for use with power tools.
- 3** Fixed arm with V-grooves can hold various shapes.
- 4** Durable, fibreglass-reinforced, polyamide clamping arm ergonomically designed for comfort and power.
