

Work. Perform. Outlast.

The All-in-One Siding Installation Tool

**The All-in-One
Siding Installation Tool
Siding Gauge,
Adjustable**

Specially Crafted for Construction Pros

Malco's new Siding Gauge, Adjustable (SGA) is built with an **adjustable 5/16"–1/2" clamping range**

Adjustable 4"–8" (1/4" increments) facing range, allowing contractors to quickly and easily hang different types of fiber cement siding, LP smart siding, and other lap siding of various widths

The SGA **eliminates the need for multiple gauges, shims, and more than one person** to complete the job

Catalog Number	Description	Clamping Range	Facing Range	Overall Length	Net Weight	UOM	Qty.
SGA	Siding Gauge, Adjustable (pair)	5/16-1/2 in.	4-8 in.	8.25 in.	1 lb.	EA	2
