

Slugger by FEIN JMU 404 M Magnetic Base Drill

Sales Facts

Durable

Shock and impact resistant die-cast cap. Designed for tough use in the most demanding industries

Powerful

FEIN 1700 W HighPower motor and 4-speed gearbox.

Protection

The safety clutch separates the drive side from the output side when the inserted tool is blocked.

Safety

Safety clutch stops the rotary hammer drill should the drill chuck jam.

Accessibility

Magnetic holding force display. Tilt sensor stops tool immediately in the event of slipping or tipping.

Product Information

The all new **Slugger by FEIN JMU 404 M** magnetic base drill is engineered to be brilliant. This colossal mag drill features a reversible FEIN 1700 Watt HighPowered motor, coupled with a 4 speed gearbox to provide high torque for seriously heavy-duty applications. The JMU 404 M also features a powerful magnet safety features like a tilt sensor, safety clutch and a pivoting cable hose. The Slugger by FEIN JMU 404 M is built to handle the extreme applications.

Product Information

- ▶ FEIN high-power 1700 W motor powering a 4-speed gearbox.
- ▶ 3-stage manual stroke range, the largest in its class.
- ▶ Reversible
- ▶ MT 4 compatible
- ▶ Swivel mounted cable protects the tool from being damaged.
- ▶ Convenient magnetic holding force gauge.

Model	JMU 404 M
Carbide cutter max. dia.	4 5/16 (110)
HSS cutter max. dia.	3 1/8 (80)
Cutter max. drilling depth	4 (100)
Twist drill max. dia.	1 1/16 (40)
Tapping max.	1 1/16 (36)
Reaming max. dia.	36
Power consumption	1700
Power output	850
1st speed	120 - 60
2nd speed	170 - 90
3rd speed	300 - 150
4th speed	430 - 230
Cutter holder	3/4" straight shank
Tool mounting	4
Stroke / stroke range	11/15 3/4
Magnetic holding force	5170 (23000)
Magnetic foot dimensions	9 1/2 x 4 3/4 x 2 1/2
Cable with plug	13 (4)
Weight according to EPTA†	86 (39)
Order number	7 27 06 061 09 0
EAN	4014586889801
