

Firehawk III B22 Continuous Rim Blade

**Improved!
Increased
Segment
Height**

FIREHAWK III **B22 Multi-Purpose** **Turbo Blade** ★★ Premium

The improved Firehawk III features diamond pads that not only protect the steel core during curved cutting, but also give an excellent deep cutting of very hard materials such as:

- Hard granite
- Concrete
- Pavers
- Roofing Tiles
- Brick
- Block
- Tuck pointing

The Firehawk III has an increased segment height with undercut protection and strategically placed cooling holes to protect the drop segment for extremely fast, aggressive performance with longer life. Incredible performance – at a new *lower* price!

The Firehawk III gives you minimum chipping and a clean cutting surface when dry cutting. It is normally used with angle grinder or circular saw when dry cutting.

4"-10" has 10mm (.393") segment height
12"-14" has 12mm (.472") segment height

B22 Firehawk III **Multi-Purpose Turbo Blade**

★★ Premium *Fast Cut* *Brick/Block*
