

SNOWDOZER™ MAKES CLEARING SNOW A SNAP!

SNOWDOZER™ allows you to clear snow off your driveway, deck or ice skating rink quickly and easily compared to shovelling!

- Lightweight patent pending design does not require user to lift snow, thus reducing risk of personal injury and strain.
- Long handle allows user mechanical advantage to move large amounts of snow easily.
- Removable handle allows for easy storage, transportation, packaging and display.
- 44" inch blade clears a wide path - get done faster and easier.
- Easily reach under vehicles to remove snow
- High-density polyethylene blade allows for easy sliding motion over uneven surfaces
- Aluminum frame and assembly components are lightweight and durable

Can be set up with extendable vertical handle or ball end for pushing

We offer a compact and attractive display available to retailers

SNOWDOZER™ is now available in stores such as Princess Auto, Tooltown, EG Penner Building Centres, McMunn & Yates Building Supplies, the Oakbank Co-Op Home Centre and ICE Marketing Ltd.
